

**Solusia Ranks No. 136 in 2008 Inc. 5000; No. 4 Among Telecommunications Companies  
Sales Growth of 1,607.6 Percent Propels Company onto Annual Ranking of  
America's Fastest-Growing Private Companies**

**Atlanta** – (August 20, 2008) — Inc. today ranked Solusia No. 136 on its annual ranking of the 5,000 fastest-growing private companies in the country. The list is the most comprehensive look at the most important segment of the economy – America's independent-minded entrepreneurs. Taken as a whole, these companies represent the backbone of the U.S. economy.

"Our second annual Inc. 5000 continues the most ambitious project in business journalism," said Inc. 5000 Project Manager Jim Melloan. "The Inc. 5000 gives an unrivalled portrait of young, underreported companies across all industries doing fascinating things with cutting-edge business models, as well as older companies that are still showing impressive growth."

Solusia has been the premier provider of professional wireless deployment services and automated program management for the mobile industry since 1998. In April 2008, the Company was ranked as one of the fastest growing private companies in the Atlanta Business Chronicle's annual "Pacesetter Awards." Solusia ranked 21st among the Top 50 Atlanta companies selected by The Atlanta Business Chronicle and was recognized for revenue and employee growth.

"Despite the cyclical spend of the telecommunications industry, Solusia has been able to increment its revenue due to our strong team, industry relationships and exceptional value proposition to the carriers," said Solusia Founder and CEO Chris Moccia. "We are thrilled to be recognized in these two back-to-back awards."

Solusia's service portfolio covers all dimensions of a wireless site's lifecycle: from RF engineering to site acquisitions, construction & modifications to technical services. Solusia is focused exclusively on serving wireless carriers and through some of the strongest partnerships in the industry, delivers innovation, experience and execution for deploying the next generation mobile network.

The 5000 companies that made the list reported aggregate revenue of \$185 billion and median three-year growth of 147 percent. Most important, the 2008 Inc. 5000 companies were engines of job growth, having created more than 826,033 jobs since those companies were founded. Complete results of the Inc. 5000, including company profiles and a list of the fastest-growing companies that can be sorted by industry and region can be found at [www.inc5000.com](http://www.inc5000.com).

**Methodology**

The 2008 Inc. 5000 list measures revenue growth from 2004 through 2007. To qualify, companies must be U.S.-based and privately held, for profit, independent – not subsidiaries or divisions of other companies – as of December 31, 2007, and have had at least \$200,000 in revenue in 2004, and \$2 million in 2007.
