

FOR IMMEDIATE RELEASE

Solusia Recognized as One of Atlanta's Fastest Growing Private Companies by the Atlanta Business Chronicle

ATLANTA – (April 22, 2008) – Solusia, the premiere provider of professional [wireless deployment services](#) and [automated program management](#), today announced that it was chosen by the Atlanta Business Chronicle as one of the fastest growing private companies in Atlanta in its annual "Pacesetter Awards." Solusia ranked 21st amongst the Top 50 companies selected and was recognized for revenue and employee growth.

"Solusia is thrilled to be ranked in the top 25 in this year's Pacesetter Awards. The recognition is a real testament to the strength of our company, our employees and our services which is paving a new path in the way wireless carriers deploy their networks," according to Solusia's CEO. "We are flattered to be included among the top performers in Atlanta's business community. 2008 promises to be a record setting year for us as we continue to build the industry's most innovative deployment and automated program management solutions for the wireless industry."

#21

Fasted Growing Private Companies in Atlanta

To qualify for the Atlanta Business Chronicle's Pacesetters, companies must have their headquarters in Atlanta with 2007 revenues between \$1 million and \$300 million. Winners also had to exhibit a two-year growth in sales of more than 50 percent and were ranked by a growth index formula. Factors in the formula include the percent change and absolute change in revenue and number of employees from 2005 through 2007. The results are ranked against those of all companies on the list.

Solusia received the "2008 Pacesetter Award" in a ceremony that took place on Friday, April 18 at the Cobb Galleria Center.

About Solusia

Solusia has been the trusted wireless deployment specialist for the mobile industry since 1998. Solusia's product portfolio covers all dimensions of a wireless site's lifecycle: from RF engineering to site acquisition, program management, construction & modifications to technical services.
